CARR-297
MASCN-DIXCN LINE: MILESTONE NO. 61(64)
West Manheim, Pennsylvania vicinity
Public/private

1766 (reset 1902)

Milestone No. 61(64), an original monument of 1766, marks Mason and Dixon's 61st horizontal mile west of the northeast corner of Maryland, the beginning of their 230.228-mile West Line, longest of their survey lines run and marked during their 1763-68 commission to define the boundary between the English provinces of Maryland and Pennsylvania. As with all original West Line monuments, this milestone was an embellished colitic limestone post with a low pyramidal top, quarried and carved in England, measured about 12" square by about 4.1 long, and was cut to stand about 3' above ground. Straddling the Line, its distinguishing features were the Roman capital letters P on the north side facing Pennsylvania and the N on the south side facing Laryland, each V-sunk into a shallow, plain circle panel.

In 1902 during the course of the 1900-03 Resurvey of the haryland-Pennsylvania it was reset at its original site ground, and now stands about 1' high, is close to 12" square, is in fair condition, unaltered, firmly set, and well protected. On the federal and state levels, No. 61(64) is significant primarily as one of a series of 155 original monuments still standing along the West Line, the boundary commonly known later as the Mason-Dixon Line, famous for its historical impact and innovative survey methods. Locally, as one of 18 original monuments/marking the present Carroll/York county boundary (3 crownstones; 15 milestones), it is also significant as one of a diminishing number of objects and structures with a visually identifiable relationship to the colonial and Civil Jar heritage of these two counties.

#### DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Milestone No. 61(64) marks Mason and Dixon's 61st horizontal mile west of the northeast corner of Maryland, the beginning of their 230.228-mile West Line. It is an original monument of 1766, unaltered, in fair condition, and firmly set at its original site, though reset in 1902 during the course of the 1900-03 Resurvey of the Maryland-Pennsylvania boundary.

Municipal Mater Morks watershed lands of over 1000 acres; densely reforested with evergreens in 1933 by the CCC work crews. The site is located within Election District 5 of Carroll County, Mest Manheim Township of York County, PA; a little over a mile west southwest of the small settlement of West Manheim, PA; nearly a mile southeast of the Sheppard Myers Reservoir (which / wisplies hanover with water); at a point about 2000' south of Impounding Dam Road, about 200' northeast of a cleared service lane, in between twe/rows of pine trees. It/from closeby when vegetation is adormant, for it is covered by a tangle of waist-high poisen ivy during the summer and fall.

The milestone, as with all original Mest Line monuments, was quarried and carved in England, measured about 12" square by about 42' long, cut to stand as a post about 3' above ground, with about 1' or more left rough-cut fer securing below ground. It was embellished with vertical fluting and horizontally-fluted margins on all four sides, capped by a low pyramidal top with fluted planes rising about 2" to a centered apex. The distinguishing features were the Roman capital letters P on the north side facing Pennsylvania and h on the south side facing Maryland, each V-sunk into a plain shallow circle panel. It was reset in its original site in 1902 to stand about 12' above ground; and though it still measures close to 12" square, it is only about 1' high; has large chips in all four top corners, and a particularly chunk out of the letters and fluting remain clear.

(see Thematic Group Rational Register nomination form for full descriptions of the original Mason and Dixon monuments and the 1900-03 Resurvey method of resetting them)

BUIKUEBYARCHUEGK Charles Mason & Jeremiah Dixon

### STATEMENT OF SIGNIFICANCE

Milestone No. 51(64) is significant on the federal and state levels primarily as one of a series of 135 original Mason and Dixon monuments still standing along their 230.228-mile West Line, a boundary commonly known since Civil Mar times as the Mason-Dixon Line, famous for its historical impact and innovative survey methods. The site was preliminarily surveyed in 1765 and the monument set the following year, where it remains unaltered

to this day, although reset more securely in 1902 during the course of the 1900-05 Resurvey of the Maryland-Pennsylvania boundary. Locally, as one of 18 original monuments marking the present Carroll/York county boundary (3 crownstones; 15 milestones), No. 61(64) is also significant as one of a diminishing number of objects and structures with a visually identifiable relationship to the colonial and Civil War heritage of these two counties.
